

ALTERNATE / STORM HOME

Nashua Schools wants to be prepared in case we would find it necessary to send school buses home early, or if we were not able to send buses out at all due to weather conditions. If buses were to be sent home early, we would immediately try to contact you. If for some reason we were not able to get in touch with you, your child(ren) may have to be kept in Nashua.

Nashua Schools is requesting that parents of all bus students try to find an alternative home in town that your child(ren) could stay in the event of our not being able to reach you should we send buses out early, or in the event that buses were not able to run at all.

Please complete this form and return it to the Nashua School Secretary as soon as possible.
